

**Richards Bay
Coal Terminal**

CORPORATE IDENTITY

The Richards Bay Coal Terminal logo has been placed over a grid. The proportions here are to be followed exactly. The logo should only be reconstructed manually on the grid when it is not possible to photographically reproduce it to the required size. When the logo is not on a white background, it must be placed on a white block with a 0.5mm outline, as indicated on the grid.

Full colour and two colour application.
Exceptions to be approved by the
Corporate Relations Department.

One colour application.

Spot Colours

Pantone 311 U/C

Pantone Black U/C

Pantone 427 U/C

Process Colours

65% Cyan
7% Magenta
15% Yellow

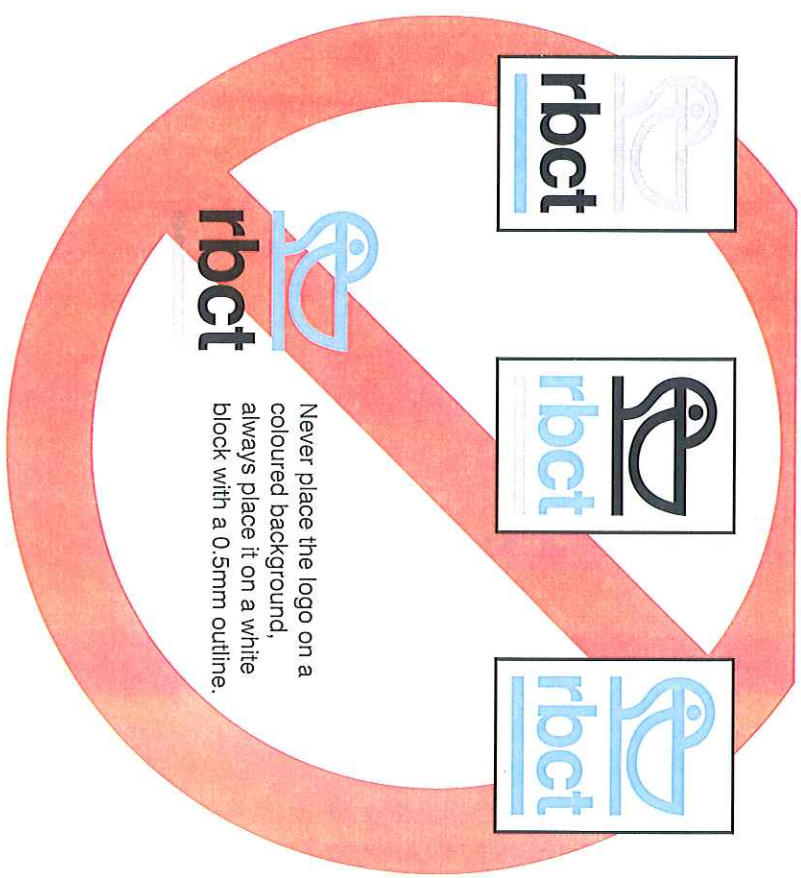

100% Black

20% Black

Do not change the colours around or use colour in the lettering.

Never place the logo on a coloured background, always place it on a white block with a 0.5mm outline.

Do not move any parts of the logo around.
